

TECHTURE
— DESIGNS INC —

ENGINEERED FOR CNC MACHINE SHOPS.

Parts, tooling, consumables, and engineering support to keep spindles turning.

WHAT WE SUPPORT

- **OEM replacement parts —** vacuum pods, dust boots, tool forks, brackets, guards
- **Tooling & workholding —** collets, holders, vacuum components, setup aids
- **Maintenance supply —** lubricants, greases, bearings, seals, adhesives
- **Engineering support —** CAD, part adaptation, prototype-to-production support

ONE LOCAL PARTNER. MORE WAYS TO SUPPORT YOUR SHOP.

TECHTURE
— DESIGNS INC —

BEYOND STANDARD.

CUSTOM PARTS + FASTER ITERATION

TechTure supports CNC shops with practical custom components, quick design adaptation, and additive manufacturing for fit checks, tooling, and production support.

PRINT TECHNOLOGIES

FDM
Cost-effective brackets, guards, shop aids, and fit checks.

MJF
Strong functional parts, housings, clips, and durable shop-use components.

SLA
High-detail prototypes, alignment tools, and precision fit-check parts.

SLS
Tough wear-resistant pods, brackets, and functional machine-side components.

COMMON CNC APPLICATIONS

- Vacuum pods and pod components.
- Dust boots and dust collection parts.
- Setup fixtures, stops, and nests.
- Sensor mounts, cable guides, and machine guards.
- Replacement covers, knobs, handles, and housings.

BUILT AROUND THE MACHINE, THE PART, AND THE PROCESS.

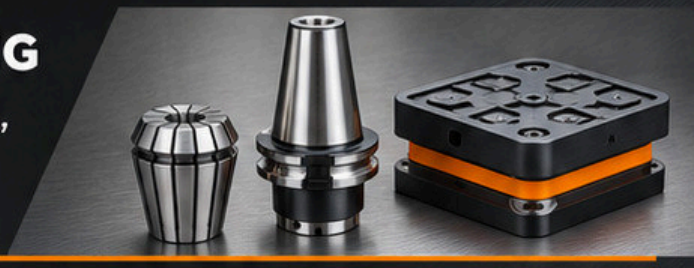

EVERYDAY SUPPORT FOR CNC SHOPS.

TECHTURE
— DESIGNS INC —

From consumables to custom components, TechTure helps keep machining operations moving.

TOOLING + WORKHOLDING

Vacuum cups or pods, collets, holders, setup aids, and workholding support.

LUBRICATION + MAINTENANCE

Specialty lubricants, greases, spindle oils, bearings, seals, and maintenance items.

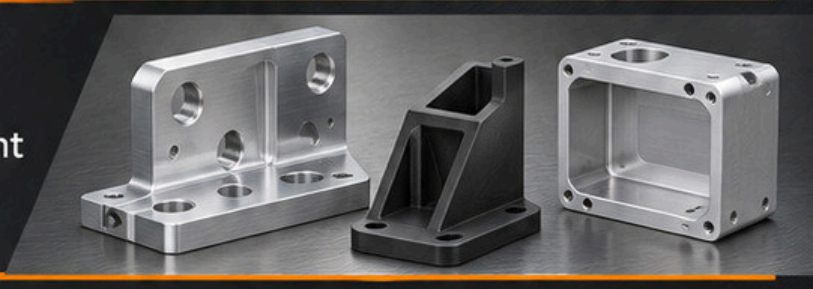

COMPONENTS + SUPPLIES

Fittings, pneumatics, sensors, cable management, guards, and replacement hardware.

ENGINEERED PARTS

Jigs, fixtures, brackets, printed parts, housings, and replacement components.

Share a part number, drawing, sample, or problem area to start the conversation.

REDUCE DOWNTIME. KEEP JOBS MOVING. PARTNER WITH TECHTURE DESIGNS.
